Build and manage the ultimate team of over 25 real player and 11 AI superstars. Train new formations, challenge your friends, and be the first to reach the ultimate point glory. FIFA Ultimate Team Modes - League play Place your best 11 in the game and challenge the world's best players to earn their respect. Start in the low, low leagues and work your way up to where your rivals are by training and managing them well. Squads - Combine your players into all-new squads and give them the freedom to dictate their own destinies. MyClub - Jump into your favorite clubs and compete in matches, manage your squad, trophies, and improve your stadium. Matchmaking The FIFA servers are up and running again, so you can now play your favorite games again and compete against your friends. Game Center Enjoy quick game sessions in the quick match list in the Game Center. Live Events and Tickets Interact with friends and compete with other fans through on-screen chats and live streams from stadiums. ACCESSORIES New Attires For the first time ever, the likes of David Beckham and Zinedine Zidane will feature in the new FIFA appearance 'Attire' system. Choose from a range of eye-catching kit for the first time in FIFA. As well as new Attires, players can now quickly swap between their current and new looks using the new Attire System. Dehydrated Caffeinated Beverages What would the lives of footballers be without a caffeine-boost? With the Caf Cup features, you can now choose between a variety of energy drinks on the pitch and offer your coach a calorie-free boost. Improved Commentary and Touchline The official commentary of the game provides a great insight into all the action on and off the pitch, from the free kicks, through to the final whistle. The game will also feature improved graphic quality on the touchline, with new animations. Graphical Settings A range of graphics settings will now be available to all players, allowing them to fine-tune the display to suit their personal preferences. Gameplay Settings The game's new level of Control in the Tactical In-Game Settings will allow you to tweak the tactical options for each player on the pitch. No longer will you need to alter them each time you change formations and substitution
